

GLL Real Estate Partners is the real estate equity investment platform for Macquarie Infrastructure and Real Assets (the world's largest infrastructure asset manager with 90 billion assets under management) - a division of the Macquarie Group. A globally-active real estate fund manager and investment advisor headquartered in Munich, Germany, GLL operates 16 offices in 12 countries across the US, Europe, Asia, and Australia. The group currently manages EUR 7 billion, including more than EUR 3.4 billion in the U.S. GLL employs varying commercial property strategies serving an investor group that includes pension funds, insurance companies and sovereign entities.

STRATEGY ANALYST – Real Estate (M/F/D)

Key Responsibilities:

- To gather and analyze all relevant data of the global real estate markets with focus on the commercial real estate sectors office, retail and logistic– this includes especially macroeconomics, investment- and leasing market-fundamentals in Europe, US, Asia and Latin America.
- To process this data into GLL's standard research products, e.g. regular market reports & presentations.
- To produce event driven notes and ad hoc recommendations on research specific topics and to monitor and elaborate on secular and cyclical market trends.
- To support our business departments with quantitative and qualitative research based solutions for specific real estate operations on asset and portfolio level and to cooperate closely with the fund managers on strategic and tactical tasks such as research based sectoral and geographical allocations.
- To maintain and develop GLL's proprietary research tools and be responsible for the data management, modelling and forecasting.

The Ideal Candidate will have/ will be

- University degree in real estate, geography, economics, urban planning or related fields
- Related work experience in real estate sector (preferred)
- Outstanding Excel and PowerPoint skills
- Very strong analytical and quantitative skills
- Native English speaker is welcome
- Cultural sensitivity in order to fit in our multinational work setup

We now offer an exciting role in this strategic center of expertise for an ambitious and flexible individual, who has keen interest in adding insights and thoughts to pure market data and provide tactical information for our internal and external clients. The Research Analyst will be based in Munich and work closely together with the Head of Strategy and Research. If you enjoy researching, have a strong logical and analytical mindset and like to communicate verbally and in writing about your findings, we offer you a unique position in a dynamic international environment with high professional development potential. Job starts as soon as possible. In case you are interested, please send your application to career@gll-partners.com to Claudia Steimer-Lenz.
